

XTRIDER

Xtrider

Ride, Walk, Golf Your Way

Xtrider is the world's only all-in-one motorised golf caddy – an electric golf trolley, stand-up and sit-down golf buggy in one.

Play at your own pace, hop on and off when you want, and enjoy the full freedom your round of golf can offer.

4-in-1 Multi-Function Design

Unlike standard golf trolleys, scooters or buggies, the Xtrider offers four transport modes which can be switched between in seconds:

Walk

Use as a walk-behind electric golf trolley, powered by the push of a button.

Stand

Ride standing up for a more active experience.

Sit

Switch to the optional seat for a comfortable sit-down ride.

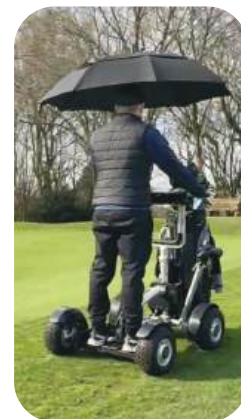

Remote control

Let the Xtrider move on its own with an optional remote controller.

Developed by experienced golfers, the Xtrider's patent-protected design is engineered for safety, stability, flexibility and ultimate convenience. Combining a lightweight, foldable single-seat golf buggy and a remote-control golf trolley in one, it's more versatile than any other option on the market.

Key Features:

- High-power high-torque and efficient 60V drive system
- Wide wheel base and axle track, low center of gravity, front-mounted bag
- Evenly distributed weight over the four wheels
- Automatic motor brakes, automatic electric parking and emergency brakes
- Programmable acceleration and deceleration (braking) rates
- Optional steering angle (turning radius) limitation
- Switching between powered and non-powered (push) trolley mode
- Speed settings for powered trolley and ride-on modes
- Removable lithium battery, chargeable also externally
- In-wheel brushless motors
- Wide 32 cm (13 in) diameter pneumatic tyres
- Dimensions ride-on mode: 125 x 79 x 119 cm (4 ft 1 in x 2 ft 7 in x 3 ft 11 in)
- Travel range: 47-55 km on road, 27-36 holes typical
- Battery charge: 3-3.5 hours empty to full
- Maximum speed: 12 kph riding, 6 kph walking, programmable
- Maximum climbing angle: 15 degrees (27%) with 110 kg (240 lbs) of load
- Self weight: 43 kg (95 lbs) with battery
- Maximum load weight: 140 kg (310 lbs)
- Handlebar tilt, seat height, and upper bag holder height adjustments
- Thumb-operated throttle and pushbutton, large control keys
- Large sunlight-readable LCD screen
- USB port for phone charging
- Optional add-ons: Remote control, lights system
- Accessories: Removable and stowable onboard seat, seat post, umbrella holder, drink holder, phone holder, mirrors
